

SHADWAL SINHA

Full Stack Developer

mailto:shadwal@gmail.com +91-7398174577 Bengaluru, India linkedin.com/in/imshadwal

PROFESSIONAL SUMMARY

Full Stack Developer with 4+ years of experience building scalable web applications and backend systems for enterprise products. Proficient in React.js, Node.js, NestJS, TypeScript, JavaScript, Couchbase (N1QL), Google BigQuery, Google Cloud Storage (GCS), and Apache Airflow, with hands-on work on RESTful APIs, ETL data pipelines, SQL and NoSQL query optimization, and responsive web dashboards. Background as a Product Analyst supports translating business requirements into reliable full stack solutions across frontend, API, and data layers.

Full Stack Developer | Napses Technologies (MVP Rockets)

2025 – Present

- Built and maintained Apache Airflow DAGs processing large-scale data workflows from Google BigQuery to Google Cloud Storage and Couchbase, implementing batched upserts and safe delete strategies for improved data integrity.
- Developed NestJS REST APIs and N1QL queries for application features, including lookup-driven dynamic queries, filters, and pagination.
- Designed Couchbase secondary indexes and resolved production query timeouts by aligning index keys with application filter and access patterns.
- Delivered React.js user interfaces with reusable components, client-side data fetching, and responsive dashboards using Tailwind CSS.
- Collaborated with cross-functional teams to deliver features from requirements through QA and production release.

Senior Software Engineer | GlobalLogic

2022 – 2025

- Developed and maintained a requirements and test management platform as a Jira alternative.
- Led front-end development for multiple customer-facing applications using Angular, delivering clean, user-friendly interfaces that improved user engagement metrics by 20%.
- Built a drag-and-drop Kanban-style planning board to help users manage tasks across custom workflow stages.
- Improved application performance and resolved bugs, resulting in an enhanced user experience for over 10,000 active users.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS

Frontend: React.js, Angular, Redux, NgRx, Tailwind CSS, TanStack React Query, React Hook Form, Zod, Vite, Material UI, Bootstrap, Storybook, Jest, React Testing Library

Backend: Node.js, NestJS, RESTful APIs, Swagger/OpenAPI, Passport.js (JWT/OAuth), class-validator, Internationalization (i18n)

Databases: PostgreSQL, Couchbase, Google BigQuery, NoSQL

Data Engineering: Apache Airflow, ETL Pipelines, Data Integration, BigQuery → GCS → Couchbase ETL, Batch Upserts, Sync Metadata

Cloud & DevOps: Google Cloud Platform (GCP), Google Cloud Storage, Docker, Docker Compose

Tools: Git, GitHub, Bitbucket, Jira, GitHub Copilot, Cursor, Visual Studio Code

EDUCATION

Bachelor of Technology (B.Tech) | ABES Engineering College, Ghaziabad, India 2018 – 2022
